DEXTER VILLAGE COUNCIL
REGULAR MEETING
MONDAY, APRIL 27, 2009

AGENDA 5-11-09
ITEM C-1

A. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

The meeting was called to order at 7:30 by President Keough in the Dexter Senior Center located at 7720 Dexter Ann Arbor Rd. in Dexter, Michigan

B. ROLL CALL: President Keough

J. Carson	P. Cousins
D. Fisher	J. Semifero
J. Smith	R. Tell

C. APPROVAL OF THE MINUTES

Regular Council Meeting Minutes- April 13, 2009.

Motion Tell; support Smith to approve the regular Council minutes of April 13, 2009 with the following correction:

I-5 Replace the word contamination in President Keough's report to excessive debris and organic top soil.

Unanimous voice vote for approval

D. PREARRANGED PARTICIPATION

Dexter Relay for Life – Show Us Your Hope

Juli Huddleston and Regina Bell of the Dexter Relay for Life explained the May 21 Show Us Your Hope event to paint the town purple and the Relay for Life beginning at 10:00 am on June 20.

E. APPROVAL OF THE AGENDA

Motion Smith; support Fisher to approve the agenda with the addition of L-6 Water and Sewer Use Ordinance Amendments to New Business and to move J-2 and J-3 off the consent agenda to L-7 under New Business.

Unanimous voice vote for approval

F. PUBLIC HEARINGS

Drinking Water Revolving Fund

Christine Cale of Orchard, Hiltz & McCliment opened the Public Hearing at 7:39 pm reporting on the means of improving the existing water system, increasing capacity and the reliability of the system.

Jon Rush of 7930 Fifth Street, Dexter inquired what the Dexter Community Schools is charging for the new well field. President Keough responded that the easement for the well field is \$40,000 payable in \$10,000 increments over four years with the first payment already made.

The Public Hearing was closed at 7:57 pm.

Motion Tell; support Smith that the Village of Dexter formally adopts the Project Plan for the Water Systems Improvements and agrees to implement the selected alternative (Alternative 2 for increase in capacity and Alternative 1 for upgrade of the water mains). Be it further resolved, that the Village Manager, a position currently held by Donna Dettling, is designated as the authorized representative for all activities associated with the project referenced above, including the submittal of said Project Plan as the first step in applying to the State of Michigan for a Drinking Water Revolving Fund Loan to assist in the implementation of the selected alternative.

Ayes: Cousins, Fisher, Smith, Semifero, Tell, Carson and Keough

Nays: None

Motion carries

G. NON-ARRANGED PARTICIPATION

Alan Green of 8368 Parkridge Drive, Dexter commented on the drinking water project being important and vital but an expensive infrastructure project, how can the community be more frugal?, and smart consumers with water usage and is there any funds in the stimulus package that can be tapped for water.

Jon Rush of 7930 Fifth Street, Dexter spoke on the subject of speeding on Fifth Street and suggested another alternative to the speeding issue by installing a speed bump before and after Dover Street to calm traffic.

H. COMMUNICATIONS:

1. Upcoming Meeting List
2. Comcast Response 4-13-09
3. Michigan Public Service Commission Response 4-16-09

In addition, President Keough handed out an additional communication from the Washtenaw County Parks and Recreation Commission regarding their commitment of \$657,000 toward the cost of the non-motorized Hudson Mills/Village of Dexter Trail Project. Mr. Smith requested that the meeting list provided in the communications continue forward until the next Council meeting.

I. REPORTS

1. Treasurer/Finance Director – Marie Sherry

Ms. Sherry submits her report as per packet. In addition Ms. Sherry highlighted the following: Downtown Development Authority funds are located at United Bank & Trust which is not identified in the report, have received taxes from the county, worked toward compliance goal of collecting delinquent personal property taxes, and explained the changes in the Bridge Fund.

2. Board, Commission, & Other Reports – “Bi-annual or as needed”

Chelsea Area Planning Team / Dexter Area Regional Team – Jim Carson
The group met on April 20 with a discussion about a regional fire department with Southeast Michigan Council of Governments representatives gathering information and will be reporting back to the group on their findings.

3. Subcommittee Reports
No affected reports

- 4 Village Manager Report

Mrs. Dettling submits her report as per packet. In addition the Village Manager highlighted the following meetings: May 6-Budget Work Session, May 11-Economic Preparedness, Next Steps prior to Council Meeting at 6 pm, and May 11-Discussion on Fluoridation at the Council Meeting.

4. President's Report

Mr. Keough submits his report as per packet. In addition Mr. Keough spoke of the need to send a letter to the affected parties regarding road infrastructure deficits, attended the progress meeting on the Jeffords Project on April 24 and reported on efforts to clean up the site and start back on the project in a week or so, and Mr. Keough reported that questions on any projects will be directed to Mrs. Dettling first.

J. CONSENT AGENDA

1. Consideration of: Bills and Payroll in the amount of \$98,864.08

Motion Fisher; support Smith to approve item 1 of the consent agenda as presented.

Unanimous voice vote for approval

K. OLD BUSINESS-Consideration and Discussion of:

1. Discussion of: Main Street Bridge Project

Looking to have E.T. MacKenzie to complete roadway for three lanes and sidewalk from the bridge to Jeffords to restore accessibility. Also a time line on all projects will be coming soon.

2. Discussion of: Phase 2 Funding Updates

Have not heard anything yet on discretionary funding.

3. Discussion of: Facilities

Mr. Keough handed out a draft of a resolution regarding facilities improvements. Mr. Cousins handed out and explained an alternative option for the use of 8140 Main Street for a Village Hall.

Motion Carson; support Fisher to authorize the Village manager to spend up to \$6000 to refine the concept as presented by Mr. Cousins with phases and costs.

Ayes: Smith, Semifero, Tell, Carson, Fisher, Cousins and Keough

Nays: None

Motion carries

At 9:31 pm a recess was taken and the meeting re-convened at 9:39 pm

L. NEW BUSINESS-Consideration of and Discussion of:

1. Discussion of: Midwestern Consulting – Results of Speed Study

Jim Valenta of Midwestern Consulting addressed Council and explained the speed study done on Second, Third, Fourth and Fifth Streets. He suggested removing the double yellow line on Second and Fourth Streets as they have higher rates of speed. He also suggested certifying additional streets and major streets. A question was raised about installing speed bumps. Mrs. Dettling mentioned working with the Sheriff's Department based on the reporting to do target enforcement.

2. Discussion of: Cityhood – Information for Website & Petition Kick-Off Meeting

Ms. Nicholls explained the wording for the website on the Cityhood process and the upcoming meeting on the petition drive.

3. Consideration of: Formal Adoption of current Village Logo

Motion Semifero; support Smith to officially adopt the Gazebo as the Village logo, minus the light poles and with trimmed grass.

Ayes: Semifero, Tell, Fisher, Carson, Smith and Keough

Nays: Cousins

Motion carries 6 to 1

4. Consideration of: RESOLUTION FOR THE PURPOSE OF AFFIRMING THE VILLAGE'S COMMITMENT TO LOCAL PURCHASING

Motion Fisher; support Smith that the Village of Dexter is committed to encouraging local suppliers and contractors to submit bids for Village projects and to continue its efforts to purchase goods and services from local vendors.

Ayes: Tell, Carson, Cousins, Smith Fisher, Semifero and Keough

Nays: None

Motion carries

5. Consideration of: Setting 2009-2010 Budget-related Public Hearings for June 8, 2009

Motion Semifero; support Carson that the Dexter Village Council hold a public hearing on Monday, June 8, 2009 at 7:30 pm at the Dexter Senior Center, 7720 Dexter-Ann Arbor Road, Dexter, Michigan, for the purpose of hearing public comment regarding the proposed 2009-2010 water and sewer rates, proposed 2009-2010 Millage Rate and the Proposed Fiscal Year 2009-2010 Budget.

Ayes: Carson, Cousins, Fisher, Smith, Semifero, Tell and Keough

Nays: None

Motion carries

6. Consideration of: Setting a Public Hearing on the Water & Sewer Use Ordinance Amendments on May 26, 2009

Motion Tell; support Semifero to set a Public Hearing on May 26, 2009 on the Water & Sewer Use Ordinance Amendments.

Ayes: Cousins, Fisher, Smith, Semifero, Tell, Carson and Keough

Nays: None

Motion carries

7. Consideration of: Request from the Dexter Soccer Club to place signs in the Village from May 29 to June 15 to advertise their tryouts
And
Request from the Knights of Columbus to place signs from May 13 to May 23 around the Village advertising their Annual Spring Chicken Broil on May 23.

Motion Semifero; support Smith to approve the request of the Dexter Soccer Club and the Dexter Knights of Columbus to place up to 15 signs at the following locations: 2 at all entrances to the Village - Baker, Central, Dexter-Ann Arbor, Main Street; Baker/Main, Monument Park and 1 near each of the 5 schools, and for the period of May 29 to June 15 for the Dexter Soccer Club and May 13 to May 23 for the Knights of Columbus.

Ayes: Smith, Semifero, Tell, Carson, Fisher, Cousins and Keough

Nays: None

Motion carries

M. COUNCIL COMMENTS

Tell	None
Fisher	None
Smith	Handed out information on the Race for the Cure on Saturday, May 30 in Dexter.
Jones	Farmers Market opens on Saturday, May 2, for the season
Semifero	Would like to look a creative uses of conserving water such as with a holding tank.
Carson	None
Cousins	Report of fish being seen in the Mill Creek

N. NON-ARRANGED PARTICIPATION

Mary Fialkowski, 8055 Forest, Dexter spoke about concerns of the request from The Jolly Pumpkin for an outdoor café; serving of beer, wine & spirits; hours of operation and music. Mary also mentioned concerns of speeding on Forest Street and lack of sidewalk behind the National City Bank building and the narrowness of the Broad Street Alley and the exit and National City Bank.

O. ADJOURNMENT

Motion Carson; support Smith to adjourn at 11:02 pm.

Unanimous voice vote for approval

Respectfully submitted,

Carol J. Jones
Clerk, Village of Dexter

Approved for Filing: _____

DEXTER VILLAGE COUNCIL / SCIO TOWNSHIP BOARD OF TRUSTEES

**JOINT MEETING
MONDAY, APRIL 27, 2009
6:00 p.m. – 7 p.m.**

AGENDA 5-11-09
ITEM C-2

A. CALL TO ORDER

The meeting was called to order at 6:00 pm by Village President Keough in the Meeting Room of the Dexter Library located at 3255 Alpine Street in Dexter, Michigan

B. ROLL CALL:

Village Council

P. Cousins	R. Tell
D. Fisher	J. Carson
J. Smith	S. Keough
J. Semifero	C. Jones
D. Dettling	C. Nicholls

Scio Township

S. Clark	R. Delong
N. Hedberg	D. Palmer
C. Green	J. Knowles
T. Hanson	D. Fecho

C. GENERAL DISCUSSION TOPICS

The following topics, as determined by the previous joint meeting will be discussed as appropriate:

1. Current and future annexation issues (e.g. Bates Farms, etc.)
A sub-group composed of the members of the Village Council – Ray Tell, Jim Smith and Joe Semifero and Scio Township – Chris Green, Jack Knowles and Dick Delong will meet within the next two months.
2. Inter-related parks, trails, recreation and open space plans of each community
Update on Sloan parcel. Looking for grant money for purchase and should know something by late summer. Davenport property – trail not a possibility, this is a conservation easement only.
3. Inter-related growth, development and land use plans
Chris green reported that the Master Plan for Scio Township is almost ready for adoption. Look at the website for changes in the plan.
4. Update on Prospective plans of Village for incorporation as a City
Reported on petition meeting coming up on April 29. The Village needs to confirm the costs to cover elections and assessing, and make sure that new future costs are accurately accounted for. Also mentioned was the Scio Green Space Millage and what would happen to that when Village becomes a city.
5. Consolidation of fire and/or police services (Update on CAPT/DART effort)
Jim Carson reported on the CAPT/DART meeting on April 20 and that SEMCOG is evaluating regionalization with Dexter/Scio/Chelsea departments. Gathering information and will report back in May or June.

6. Prospective plans for expansion of public water or sewer systems.
No update
7. Status of Gordon Hall
Site plan approval by County Historical Society
8. Shield Road bridge
Bridge is on WCRC critical bridge list
9. Inter-related public transportation issues.
Looking for a report on bus ridership

D. PUBLIC COMMENT

Jackson Road Cruise, May 16, 2009

E. ADJOURNMENT

Respectfully submitted

Carol J. Jones
Clerk, Village of Dexter

Memorandum

To: Village Council
From: Allison Bishop, AICP, Community Development Manager
Re: Report
Date: May 11, 2009

Planning Commission

Berry and Associates – Berry and Associates, located in the Research and Development Park, has submitted a combined site plan for a 2,676 square foot addition. The Planning Commission will be reviewing the combined site plan at the June meeting.

Dexter Ann Arbor Road Corridor (ARC) – The ARC subcommittee started meeting in May to review potential amendments to the ARC ordinance. The committee plans to review and compare the ARC with the recently adopted Baker Road Corridor ordinance. The committee will be reviewing parking, setbacks, architecture, etc.

Parks and Recreation Commission

Park Improvements and Maintenance – A bid has been let for budgeted park improvements including Community Park landscaping restoration, landscaping bed improvements at Lions Park and buffer improvements in Monument Park. Bids are due next week with work to be completed by June 30.

Parks and Recreation Budget recommendations – Attached to this memo is a budget request from the Parks and Recreation Commission. The budget request is to maintain the same budget that was adopted for Parks and Recreation in FY 08-09. Equipment and maintenance needs have been detailed for the next 3 years and it is anticipated that in order to meet those needs approximately \$15-20,000 will be required annually. The recommended budget is exclusive of any budget needs that may be necessary for Mill Creek Park and/or grant match requirements.

Grants – I have provided an updated grant table for your reference. We should begin hearing about grant awards in June. We have received acknowledgment from all grant sources that our applications have been received and are under review.

Lions Club – I have been coordinating with the Lions Club to help with maintenance of the small gazebo. On May 16th the Lions Club will be replacing the shingles on the small gazebo in Lions Park and removing the mold and mildew from the gazebo.

Tree Board

Spring Planting – Over 30 trees were planted this spring in conjunction with the Tree Board plantings, Arbor Day and resident plantings. The Tree Board is proud of the immediate impact

that was made with the tree plantings along Dexter-Ann Arbor Road. Thank you to Council for budgeting funds to continue to maintain Dexter's community character through urban forestry.

Rotary Club – I have been coordinating with the Rotary Club to plant trees. On 5-9-09 the Rotary will plant 5 trees, 4 at Mill Creek School along Dexter Ann Arbor Road and 1 at Terry B's.

Please feel free to contact me if you have any questions.
Thank you.

VILLAGE OF DEXTER - PARKS COMMISSION

Memorandum

To: Village Council
From: Parks Commission
Re: NON CIP FY 09-10 BUDGET REQUESTS
Date: May 11, 2009

On April 21, 2009 the Parks Commission met to discuss parks budget needs for FY 09-10. The Parks Commission moved to recommend that Council consider the following budget amounts when adopting the FY 09-10 budget based on the Parks and Recreation Commission priorities for FY 09-10.

The following is a list of necessary budget items to maintain the quality and upkeep of the Village's parks and recreation.

FY 2009-10 –

• General Landscaping (annuals/planting bed maintenance) and Equipment Maintenance (bench, trash can repairs) \$500 per Park	\$3500.00
• Equipment Purchases (benches, trash cans, etc.) \$500 per Park	\$3500.00
• Miscellaneous Expenses (printed materials/maps)/Workshops	\$1000.00
• Temporary PILOT Ice Skating Rink – Warrior Creek Park	\$5000.00
• Improve Entrance to Community Park – Grading, seeding, drainage	\$3000.00
• Woodchip Replacement	<u>\$4000.00</u>
TOTAL	\$20,000.00

PARK NEEDS INVENTORY/3 YEAR PLAN

PARK NAME	YEAR 1 -- FY 09-10	YEAR 2 FY 10-11	YEAR 3 FY 11-12	LONG TERM NEEDS
Warrior Creek Park (improvements may depend on grant funding???) Consider no improvement until FY 10-11??	<ul style="list-style-type: none"> Ice Skating Rink - \$5000 Picnic tables - \$2000 Woodchip replacement (every 3 years) 	<ul style="list-style-type: none"> Depends on grant funding 		<ul style="list-style-type: none"> Woodchip replacement (every 3 years)
Mill Creek Park (improvements may depend on grant funding???)	<ul style="list-style-type: none"> Grant Projects including trails, landscaping, benches, etc. 			
Community Park	<ul style="list-style-type: none"> Improve the entrance Top soil and seed 1/2 of park Wood chip replacement in play areas and around trees/shrubs 	<ul style="list-style-type: none"> Repaint lines on court Seal court Purchase Picnic Tables 	<ul style="list-style-type: none"> Crack seal and seal pathway, should be done every 3 years minimum 	<ul style="list-style-type: none"> Permanent bathrooms Shelter/pavilion at court Water Fountain Woodchip replacement (every 3 years)
Lions Park	<ul style="list-style-type: none"> Annual Landscaping Bed Maintenance 	<ul style="list-style-type: none"> Signage Fencing Annual Landscaping Bed Maintenance 	<ul style="list-style-type: none"> Purchase Picnic Tables Annual Landscaping Bed Maintenance 	<ul style="list-style-type: none"> NONE
Peace Park	<ul style="list-style-type: none"> Annual Landscaping Bed Maintenance 	<ul style="list-style-type: none"> Purchase 2 or more replacement picnic tables Replace wood bench with steel or wood, purchase additional Annual Landscaping Bed Maintenance 	<ul style="list-style-type: none"> Annual Landscaping Bed Maintenance 	
Monument Park	<ul style="list-style-type: none"> NONE 	<ul style="list-style-type: none"> Purchase Picnic Tables Replace or refurbish benches Gazebo Maintenance 	<ul style="list-style-type: none"> 	<ul style="list-style-type: none"> Gazebo Replacement
First Street Park	<ul style="list-style-type: none"> NONE 	<ul style="list-style-type: none"> 	<ul style="list-style-type: none"> Picnic Tables Trash Can 	<ul style="list-style-type: none">

APPROXIMATE ANNUAL COST \$15-20,000

FY 08-09 Projects

Warrior Creek Park – Purchase 3 picnic tables, DPW to anchor bench and replace bench slates, re-distribute woodchips

Mill Creek Park – Engineering and design for park improvements, other

Community Park – Seal coat pathway, Ryan Drive improvements, rain garden improvements (expand one/eliminate one), re-distribute woodchips

Lions Park – add landscaping bed/color, replace roof on small gazebo, water seal gazebo

Peace Park – revamp circular landscaping bed/add color, remove marginal trees, replace damaged trees

Monument Park – Thin/revamp landscaping buffer between Cottage Inn and gazebo

AVAILABLE FUNDING SOURCES	Potential Funding	Match	Status	Notification	Construction	Funding Priorities
VILLAGE	\$240,000	\$200,000 General FY10-11 \$13,000 Parks Restricted \$7,000 Labor	Committed 3/09/09	Design and permitting to start in 9/2009 after notification		
DDA	\$500,000 (approximate cost of construction)	Potential Match	River walk Project FY10-11 - Project in Design Phase	Design and permitting to start 9/2009	Summer 2010	
TE (Transportation Enhancement)	\$650,000	40% match requirement	Preliminary application submitted 3/09	Thru-out the year	Summer 2010	Non-motorized pathways, pathway from cemetery to school
MNRIF	\$500,000	25% match (see Village for match, plus other funding sources can be used as match)	Application submitted 4/09	Likely 12/09 possibly 8/09	Summer 2010	Pathways, riparian enhancements, urban parks, park amenities, storm water mgmt in downtown park area
INLAND FISHERIES	\$50,000	50% match requirement (\$25,000)	Application submitted 4/09	Likely 6/09	Summer 2010	Fisheries habitat, stream bank restoration, fishing opportunities
WATERWAYS INFRASTRUCTURE	\$75,000	50% match requirement (\$37,500)	Application submitted 4/09	Likely 6/09	Summer 2010	Boating access/parking improvements at 3 locations
NOAA	\$1.6 Million	No match required	Application submitted 4/09	Likely 6/09	Upon notification and grant agreement	Riparian improvements and stream bank stabilization from Main St south to Shield Rd.

*HCMA / County
Westside Connector
Cost Breakdown*

The cost estimate: Village Portion \$ 910,000.00
 HCMA Portion \$ 2,190,000.00

FUNDING PARTNERS	Village Trail 0.25 Miles	HCMA Trail 2.98 Miles	Total Estimated Cost 3.18 Miles
Organization			
Washtenaw County Parks and Recreation Commission	\$ 219,000	\$ 438,000	\$ 657,000
Washtenaw County Road Commission Transportation Enhancement Grant (Federal program administered through MDOT)	64,000	129,000	193,000
Village of Dexter	527,000	1,023,000	1,550,000
HCMA	100,000	0	100,000
Michigan Natural Resources Trust Fund Grant	0	100,000	100,000
	500,000	500,000	500,000
Total Project Cost	\$ 910,000	\$ 2,190,000	\$ 3,100,000

Universal Access

The proposed asphalt trail will be 10 feet' in width. The design will comply with AASTHO criteria and the American with Disabilities Standards. Benches and interpretative signage will be designed for access. The benches will be located at heights that will allow wheelchair users to transfer onto the benches. Interpretive signs will be located at elevations that are readable from wheelchairs. Bridges and boardwalks will be 14 feet in width to meet AASHTO criteria. Barrier Free parking and restrooms are available at Hudson Mills Metropark. The connection to the Village Downtown at Warrior Park and the new Mill Creek Park, will provide access from the south end. The two Village parks will connect with the downtown business district and a non-motorized pathway system (see map under Village of Dexter Section) for the Village will connect schools, neighborhoods, and then return to the river where the trail will continue east with the next phase of the Border to Border Trail. The Village conducted a downtown parking study in 2004. The survey inventoried the core downtown and found that the Village has 597 parking spaces with a peak occupancy rate of 80%. These spaces provide parking for the downtown businesses, proposed parks, and free access to the proposed Hudson Mills Phase 2 Trail.

The trail alignment was selected with universal access in mind. The slope of the trail along its centerline will not exceed 5% and will have a cross slope of 2% or less. There will be no road crossings until the trail is in the Village.

Design Factors

The proposed trail traverses undeveloped lands on which HCMA intended to construct a regional parkway in the 1950's. Fallow for 60 years, the trail follows the river through woodlots, meadows, and skirts wetlands for a tremendous natural outdoor setting for exercise, viewing wildlife, accessing remote river sections to fish, travel as a non-motorized transportation link, and enjoyment of remote quiet space.

AGENDA 5-11-09

ITEM I-3

VILLAGE OF DEXTER

cnicholls@villageofdexter.org

MEMO

To: President Keough and Council Members
From: Courtney Nicholls, Assistant Village Manager
Date: May 11, 2009
Re: Assistant Village Manager Report

Asset Management – The road maintenance bid was issued on May 4 and is due on May 18. The crack sealing will be completed first, followed by the cape sealing of Dan Hoey, once school is out for the summer. Once Dan Hoey is cape sealed the decision will need to be made regarding the cape sealing or microsurfacing of the neighborhood streets.

Farmers Market – The Farmer’s Market had an excellent opening day. We had 15 vendors participate, 8 of whom were at the market for the first time. The vendors were given the opportunity to participate in the month of May for free as a thank you for their support during last season’s construction. On the 9th we will be offering a free craft projects for the first 25 kids who come to the market. We are always looking for new ways to advertise as print media options become increasingly scarce. Starting in June we will be advertising on W.A.V.E.’s community connector buses. We also ran a front page ad in the Dexter Leader on April 30.

Arts, Culture & Heritage Committee – This committee continues to meet on the first Tuesday of every month. Copies of the meeting notes are attached. The committee has also held two joint meetings with the Arts Alliance to assist them with the creation of the Dexter specific portion of their Washtenaw County Master Plan. The committee’s main areas of focus have been on the development of a historical sign for the bridge area (similar to the historical signs in Downtown Ann Arbor) and the creation of a speaker series.

E-Mail List – The Village e-mail list will celebrate its first birthday on May 18. This is a good opportunity to do some evaluation, so in the May 18th update I will be encouraging anyone with any thoughts or suggestions to respond to the e-mail.

Town Hall Meeting – The advertising for the Town Hall meeting has started. The postcard reminders will be mailed on May 15 and the banner will be up on May 26. A brief power point presentation on the budget is planned, along with updates on the Cityhood petition process with time for questions and answers.

Police Services Steering Committee – At our April meeting, Sheriff Clayton gave an update on the progress of the financial sub-committee. This sub-committee has been and is continuing to work to clearly identify the costs involved in the police service unit cost. Substantial time was also spent discussing the efforts at central dispatch and its potential effects on the Sheriff’s Office.

Emergency Preparedness – I will have an updated Continuity of Government Plan for Council’s review in June. This plan will fit within the County’s Emergency Operations Plan and provide Dexter specific information. I also attended a meeting with the Dexter Community Schools to participate in a review and discussion of their pandemic influenza preparedness plan.

Class Attended:

Farmers Market Manager Boot Camp

Events Attended:

Chamber Lunch - WATS

Faith in Action Annual Dinner

Meetings Attended:

Chelsea Area Planning Team/Dexter Area Regional Team – April meeting

Cityhood Petition Kick-off

Dexter Area Chamber

Dexter Community Schools – Pandemic Flu Planning

Dexter, Dexter, Webster Police Services Workgroup

Dexter Ministerial Society – Local Leaders Lunch

Downtown Development Authority – March meeting

Healthy Communities Committee

Orchard, Hiltz, & McCliment Updates

State Revolving Loan Fund – Financing and Coordination

Think Dexter First – January meeting

Washtenaw County / United Way – Human Services Coordination

Washtenaw County – Census Tract Planning

Washtenaw County Police Services Steering Committee

Wellhead Protection Team

ARTS, CULTURE & HERITAGE COMMITTEE
TUESDAY, FEBRUARY 10, 2009 - 7:30 p.m.**
VILLAGE OFFICES

THE VILLAGE OF DEXTER

Present: Anne Savage, Audrey Becker, Paul Cousins, Pam O'Hara, Courtney Fitzpatrick, Tom Rosenbaum

Jennifer Colby of the Dexter Area Historical Society gave a presentation on the Society's idea for a Labor Day picnic at Gordon Hall. Ideas for the day include an historic baseball game, picnic lunch, lawn games, and a concert. The Committee will consider becoming involved with this and make a decision at the March meeting. One idea is to start with a scaled back event – perhaps just the historic baseball game, tours of Gordon Hall and picnic lunch.

Anne will be coordinating with the Village regarding updates to the website.

The historical sign project is on hold until warmer weather, so that Mr. Klapperich can visit Ann Arbor to view their signs and provide a cost estimate.

Speaker series – a suggestion was made to approach local resident John Dann to kick off the series at the new library.

The Mission Statement was generally accepted by all and will be on the agenda for adoption at the next meeting.

The Dexter Leader is looking for guest writers to provide articles. They have approached the Committee to submit a monthly article about arts, culture & heritage opportunities in the community.

An idea was suggested regarding coordinating with the schools to have students create banners that can be hung on the light poles along Main Street and then auctioned off. Paul Cousins will contact the schools about this possibility.

ARTS, CULTURE & HERITAGE COMMITTEE
TUESDAY, MARCH 10, 2009 - 7:00 p.m.
DEXTER SENIOR CENTER

THE VILLAGE OF DEXTER

Members Present: Mike Vickers, Jill Love, Marietta VanBuhler, Anne Savage, Audrey Becker, Paul Cousins, Pam O'Hara, Tom Rosenbaum

A workshop with Arts Alliance Director Tamara Real was held. Issues discussed included:

- improvements to communication both for advertising and artist to artist
- preserving the aesthetic look and feel of Downtown
- increasing cultural opportunities to the community

The final version of the mission statement was unanimously approved by the committee. A copy is attached to these notes.

A discussion was held regarding participation in the Gordon Hall Labor Day Picnic. Though the committee is supportive of this idea, members do not feel they are ready to take on an event, due to their newness as an organization and lack of volunteer base.

The idea for the Open Call for Art & Culture Resources was reviewed by the Village attorney. He did not see a problem with the committee collecting this type of information. It is the hope of the committee that they can collect this information and share it with the Arts Alliance for use in the development of their artist's web portal.

Historical Signs - Paul Cousins met with Mr. Klapperich and visited Ann Arbor to view their historical signs. Mr. Klapperich believes he could create something similar for use near the Mill Creek. Paul will meet with Grace Shakman regarding verbiage / photos for the sign.

Speaker series – A discussion was held about a series highlighting local personalities.

Audrey Becker expressed her interest in assisting with the articles for the Dexter Leader.

The committee agreed to move their meeting date to the first Tuesday of the month beginning April 7, 2009. Meetings will continue to be held at the Dexter Senior Center.

Dexter Arts, Culture, and Heritage Committee
Mission Statement
Adopted on: Tuesday, March 10, 2009
By: Audrey Becker, member ACH

Mission Statement

Dexter's Arts, Culture, and Heritage Commission promotes and facilitates arts and culture in Dexter, Michigan. Our mission includes increasing awareness of Dexter's heritage and history; serving the local community by providing networking resources and opportunities; acting as a liaison to existing artistic and cultural organizations; and fostering a wide range of cultural activities that enrich our community.

Overall Aims

- to make Dexter's arts community more vibrant and visible
- to improve individual and collective experiences of culture in our community
- to augment Dexter's developing identity as a multi-faceted and inviting destination for non-residents
- to assist individual artists and groups in gaining wider recognition both in Dexter and in neighboring communities
- to establish, organize, and foster events in the performing, visual, and literary arts
- to enhance public spaces with permanent visual art installations
- to maximize the use of existing spaces as venues by local arts and culture organizations
- to implement an active email list (eblasts) to announce events and activities
- to serve as a liaison to other arts and culture organizations such as the Dexter Public Library and the Washtenaw County Arts Alliance
- to ensure Dexter retains the aesthetic charm and functionality of its downtown

Specific Objectives 2009

- to install 1-3 heritage signs in downtown Dexter
- to initiate a speaker series to coincide with the opening of the new library, spring 2009
- to build and maintain a Dexter resource guide which will serve the community by providing networking possibilities
- to install a volunteer mosaic project to coincide with the opening of the new park
- to establish children's activities to coincide with Dexter festivals
- to compile an email list of interested residents; to publicize the email list as widely as possible

ARTS, CULTURE & HERITAGE COMMITTEE
TUESDAY, APRIL 7, 2009 - 7:00 p.m.
DEXTER SENIOR CENTER

THE VILLAGE OF DEXTER

Members Present: Jill Love, Audrey Becker, Julie Nagel, Louis Nagel, Jerusha Clark, Paul Cousins, Pam O'Hara, Tom Rosenbaum. Also present were Vesna Savic and Jeanne Karas

The Arts Alliance has requested a final follow-up meeting regarding the Dexter specific portion of the Washtenaw County Cultural Master Plan. This meeting will be held in conjunction with the Arts, Culture and Heritage Committee's May meeting. The implementation matrix that will be discussed will be forwarded to Committee members so they can review it prior to the meeting.

The Village attorney has reviewed and approved the disclaimer language for the art & culture resource guide. Implementation of this will occur when the Village website is able to support it. The goal is for people with resources to offer to be able to update the list themselves, instead of a committee member being responsible for uploading the material.

The historical sign is moving forward. Paul met with Sandy Hansen to discuss sketches for the framing of the sign, Grace Shakman to start the process of writing the text and selecting the photos that will be included and Ray Detter who has been involved in the creation of the signs in Ann Arbor. Decisions regarding the sign will be brought to the committee for review and approval. Once the design details are determined, the cost can be estimated and the Committee can determine how to raise money for its purchase.

Anne, Audrey and Julie will be working with the Library to kick-off the speaker series. The use of the library meeting space is free. Discussion was held regarding recruiting speakers and the types of stipends that might be required. For the first series local people will be asked to participate and volunteer their time.

Jill reported on the success of Artistica's fairy door event. 730 votes for the best door were received. The success of this event shows that the Dexter community is excited about and willing to take advantage of arts & culture opportunities that are offered.

A discussion was held regarding public art centered around the question - does all public art need to be permanent?

The committee requested that their June meeting be held at the Dexter District Library.

MEMO

To: President Keough and Council Members
From: Donna Dettling, Village Manager
Date: May 11, 2009
Re: Village Manager Report

1. Meeting Review:

- April 23rd - County Waste Knot Annual Meeting
- April 24th - Central Street Design Review
- April 24th - Forest/Broad/Alley Project re: Construction Meeting
- April 24th - Arbor Day Celebration
- April 27th - Joint Session Scio Township
- April 29th - Cityhood Petition Kick-off Meeting
- April 30th - SEMCOG Building Prosperous Communities Workshop
- May 1st - Met with Denise Livingston "Hazel's Home Cookin"
- May 5th - Met with Louie Richard's pole painting
- May 6th - Budget 2009-2010 Review all Funds

2. Upcoming Meeting Review:

- May 7th - Forest/Alley Project Progress Meeting
- May 8th - Carey Baker Bridge aesthetics follow-up
- May 12th - Site Walk County Trail Project
- May 14th - DDA Meeting

3. SEMCOG Southeastern Michigan Council of Governments Attended a free SEMCOG education program on April 30, 2009, "Building Healthy, Prosperous Communities through Walkability". The program focused on transportation issues primarily healthy street designs that consider pedestrian requirements and motorist requirements equally. These design features create successful communities that have an emphasis on place making. I am researching something called "Wow Streets" or a "Complete Street Ordinance" that was discussed at this workshop and will follow-up when I have more information. Please look up your walk score at walkscore.com.

4. DDA Project -Forest/Alley Improvements. Attached is an update on the construction behind the National City Bank.

SPRING CONSTRUCTION CONTINUATION UPDATE

05-04-09

With winter behind us, spring construction is upon us. We are excited to begin the completion of the Forest Street Alleyway Improvements Project.

In summary, the project includes underground storm structure improvements along Forest Street from Jeffords east to the parking lot entrance behind the Monument Building.

Improved and additional parking along Forest Street and new paving will occur.

New ADA accessible sidewalks, street lights, signage, irrigation, landscape restoration and street trees are all apart of the improvements as well as the completion of these items along the Alleyway and Broad Street.

A.F. Smith Electric has been working on numerous electrical conversions the past month for the eventual removal of the utility pole behind National City Bank and line to go underground. The pole is scheduled to be removed in the next month. Other electrical work will be occurring in regards to the bridge project as well.

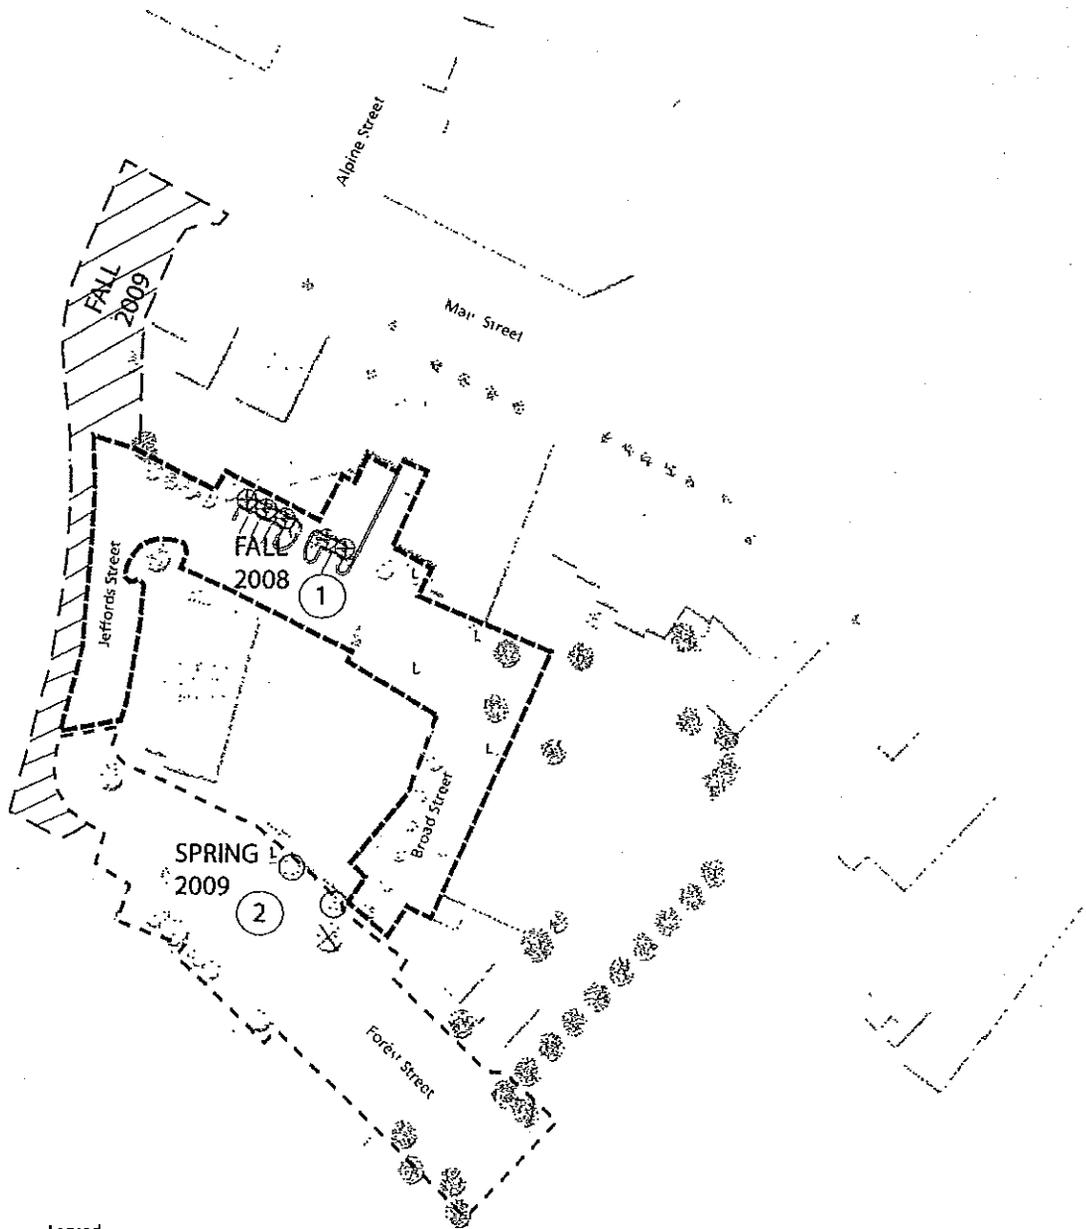

Nagle Paving the contractor will mobilize the end of this week and the week of May 11 to first clean up the area in the Alleyway and on Broad Street. This includes pouring concrete for sidewalk, additional irrigation work, electric and landscaping. The final course of asphalt will be poured at the end of all construction.

Following this will begin construction on Forest Street from Jeffords to the parking lot entrance off Forest. Please note that this area of Forest Street will be closed, but will have local access only at Broad Street crossing Forest Street.

Construction time line is anticipated to be generally 10 weeks weather permitting. Please note that this is tentative, weather and unforeseen situations can arise with any construction.

I will send additional updates as information becomes available.
Thank you for your cooperation and patience during this time.
Feel free to contact me with any questions or concerns.

Village President Report

AGENDA 5-11-09
ITEM I-6.

Hello Residents and Council Members,

Here is my written update of my activities:

Activities since April 27, 2009 Village Council meeting:

April 29, 2009 - Attended the kickoff meeting on the Petition Process to support Cityhood Boundary - Residents should understand that the next step in the Cityhood Process is the submittal of a formal petition of signatures along with a boundary description of the Village limits to the State Boundary Commission. You may be asked to sign this petition. Please ask any questions you may have and take a look at the map that is attached. The current Village Boundary is proposed to remain the same. Residents interested in circulating a petition are encouraged to contact Courtney Nicholls, Assistant Village Manager, to learn more about this process. If any resident has any questions about this process, I would be happy to try to answer them. Please feel free to call me at the number listed below.

Future activities:

May 6, 2009 - Budget Planning Workshop with Village Council

May 14, 2009 - Downtown Development Authority meeting

May 26, 2009 - Village Council Meeting (Note this meeting is on a Tuesday evening due to the Memorial Day Holiday)

June 3, 2009 - Next Town Hall Meeting

Please feel free to call me at home or send me an email anytime you have questions. I look forward to seeing you around town.

Shawn Keough

Village President

(734) 426-5486 (home number)

AGENDA 5-11-09

ITEM K-1

DRAFT

Gerald W. Fulcher Jr., P.E., Chief
Transportation and Flood Hazard Unit
Land and Water Management Division
Michigan Department of Environmental Quality
Constitutional Hall- 525 West Allegan Street
P.O. Box 30458
Lansing, MI 48909-7958

May 6, 2009

Dear Mr. Fulcher:

SUBJECT: MDEQ File Number 07-81-0070-P, Main Street Bridge and Dam Removal Project, T2S, R5E, Section 6, Scio Township, Washtenaw County

Thank you for your letter of April 1, 2009 providing comments on the Main Street bridge/ dam project. This letter responds to those comments in the order that you presented them. In so doing, I have consulted with the Village of Dexter, which has a role in following up on several of the items.

- 1) Wetland Issues: We agree with your determination that the project will not require wetland mitigation. Also, it is my understanding that the Village is moving forward with a formal wetland delineation to determine the location of any wetlands within the former impoundment.
- 2) Due Care Requirements: It is my understanding that the Village plans to work with the MDEQ Remediation and Redevelopment Division in Jackson to establish due care requirements.
- 3) Future Uses of Former Impoundment Area: The Village appreciates your input (and guidance on permit expectations) regarding future uses of the impoundment area. Continued input/ availability as that process moves forward will also be appreciated.
- 4) Stabilizing Exposed Areas: As agreed, we will closely monitor exposed areas over the coming months. Any bare soil areas or unstable banks (within the former impoundment area) that might be found after spring runoff will be stabilized with native plantings. We will make this determination no later than June 1, and will promptly address any such areas with seed, mulch or mulch blankets as circumstances dictate. We will notify MDEQ promptly after stabilization has been completed.

- 5) Sediment Trap: A visual inspection of the downstream sediment trap was completed by Road Commission staff on May 5, 2009. With the exception of a small area along the western bank of the creek in the vicinity of the sediment trap, we found no evidence of sediment accumulation. Per our telephone conversation later that day, we agreed that no additional sediment trap cleaning will be required. The small amount of sediment referenced above will be removed and placed along the adjacent bank.

With regard to the upstream monitoring points, recent survey data (May 6, 2009) have indicated that some headcutting has taken place over the past five months (since monitoring data was collected on December 11, 2008). As requested in our phone call on May 5, I consulted with the design staff involved in the dam removal/ stream restoration project. They informed me that the observed headcutting is to be expected over such an extended period, particularly given the heavy precipitation/ high flows the creek has experienced over that time. In their opinion, installation of an additional upstream rock control structure is not advisable, particularly in light of its limited benefits and the substantial environmental impacts involved in accessing the site with heavy equipment.

- 6) Temporary Access Road: You are correct in your understanding that the Temporary Access Road was to be left in place to serve as grade control. To clear up any misunderstanding, the road remains in place at the elevation stated in the plans. Excess riprap (beyond that required for grade control), was removed and placed around the southeast and southwest abutment corners.

In sum, the project is moving forward as planned, and your input/ guidance has been much appreciated. I welcome any additional questions, as well as an indication that that our approach, as outlined above, is acceptable in bringing the project to a close

Sincerely,

Aaron Burkholz,
Project Engineer

MEMO

To: President Keough and Council
From: Donna Dettling, Village Manager
Date: May 11, 2009
Re: Facilities Update

At the April 27, 2009 Council meeting, staff was authorized to spend up to \$6,000 to refine the 8140 Main Street rehabilitation/additions as presented by Mr. Cousins with phases and costs. Rich Henes was contacted to complete this evaluation. Mr. Henes met with staff and Mr. Cousins to better understand the concept. He is working on fitting the pieces of the program together and evaluating feasibility. He will have an update for the next meeting May 26, 2009.

Staff was asked to determine if there were any soil borings for the parking lot area behind 8140 Main. Survey data was collected by the WCRC but they do not have soil borings. I am following up with PM Environmental, which is the firm that continues to install monitor wells for the previous owner of the Gas Station. If the information from PM Environmental is not useful, it is recommended that we collect at least 2 soil borings to determine the stability of the soils to support the raised structure concept in Mr. Cousin's proposal. I am securing a cost from Geosyntech to complete this work. I will have this information for the meeting Monday night.

Applicant: Ron Jeffries, Jolly Pumpkins Artesian Ales

Project Name: Jolly Pumpkin Outdoor Seating and Bar/Tavern/Lounge Special Land Use Request

Review Date: April 29, 2009

Location: 3115 Broad Street

Zoning: CBD Central Business District.

Action Requested: Action on request for special land use approval for an outdoor seating area and a bar/tavern/lounge as required by ordinance within the CBD.

Planning Commission Decision: On May 4, 2009 the Planning Commission recommended approval of the special land use application with the following conditions:

1. The applicant should provide information on street furniture when available and to determine compatibility with the building and architecture.
2. Provide information on required enclosure when available.
3. The applicant will be required to submit the outdoor seating permit, fee and Hold Harmless Agreement.
4. The applicant is permitted to leave the furniture outdoors overnight, if properly secured.

The public hearing was held and there was one comment from the public supporting the project, a letter was also included in the packet that was received from a nearby resident (also included in the Village Council packet). Applicant, Ron Jeffries, also provided additional information on smoke free, family friendly concept. The Planning Commission's discussion included but was not limited to projects job creation, business expansion in the community and investment into the community during tough economic times.

PROJECT AND SITE DESCRIPTION

The applicant proposes expand current beer brewing operations into a tap room and/or European-style beer café with proposed hours of operation of noon to 10 pm Monday through Thursday, Friday and Saturday until 11 pm, possibly later when there are downtown events. The café would sell beer for consumption and offer light snacks with eventually providing food service of meats, cheese breads and house roasted coffee. The applicant is also proposing to add an outdoor seating area for up to 24 patrons in which the applicant currently has a license from the Michigan Liquor Control (LCC).

Pursuant to Article 15(A).03, Special Land Uses Within the CBD:

Jolly Pumpkin

(C) Bars/Taverns/Lounges and (F) Outdoor Cafes and Eating Areas require special land use approval.

LAND USE AND ZONING

Site: The subject site is zoned CBD, Central Business District and is located across the Broad Street alley from the Encore Musical Theatre and one block south of Main Street in a multi-use building.

North, East, West:

North, east and west of the site are also zoned CBD, Central Business District and provide commercial and office space within the downtown.

South: South of the site is zoned VC, Village Commercial. Properties to the south are used as commercial and residential, but zoned commercial.

SPECIAL USE CONSIDERATIONS

Pursuant to Section 8.03, the Zoning Ordinance requires that the Planning Commission and Village Council consider the following standards for the use at the proposed location:

- A. *The Special Land Use will be consistent with the goals, objective and future land use plan described in the Dexter Master Plan.*

The future land use map designates the subject site as Central Business District (CBD). The CBD designation incorporates a mixture of land uses within the core downtown of the Village. The intensity of uses within the district tends to be higher than the rest of the Village due to the proximity of services, parks and activities within the downtown. Pursuant to the Master Plan uses customarily found within the CBD include, but are not limited to restaurants, including outdoor seating, such as those proposed by the applicant. The applicant has requested special land use approval for a bar/tavern/lounge and outdoor seating. The definition of bar/tavern/lounge is: A bar or lounge is a type of restaurant which is operated primarily for the dispensing of alcoholic beverages, although the sale of prepared food or snacks may also be permitted. Because the applicant intends to serve prepared food and snacks a special land use approval is requested for bar/tavern/lounge, not a restaurant.

Outdoor seating is a use that is typically associated with a food related commercial business and promotes activity within downtowns. Outdoor dining promotes local business and increases opportunities for socializing while creating vibrant and successful downtown environments.

It is anticipated that the proposed bar/tavern/lounge and outdoor seating will compliment existing uses within the downtown and provide an additional downtown destination.

- B. *The Special Land Use will be consistent with the stated intent of the zoning district.*

Jolly Pumpkin

The statement of purpose within the Central Business District ordinance is to foster an appealing high-density pedestrian environment; the CBD is intended to be physically compact and to provide a diversity of products and services, convenient parking, and pedestrian and vehicle safety. Along primary streets (Main, Broad, and Central) retail and eatery uses should dominate ground floors.

The proposed addition of a bar/tavern/lounge (café) and the outdoor seating area compliment the goals and objectives of the Master Plan and Central Business District intent of the Zoning Ordinance. The proposal will provide additional activity for residents of the Dexter Area to patronize local business and promote additional destinations and activity in the downtown.

- C. *The Special Land Use will be designed, constructed, operated and maintained to be compatible with, and not significantly alter, the existing or intended character of the general vicinity in consideration of environmental impacts, views, aesthetics, noise, vibration, glare, air quality, drainage, traffic, property values or similar impacts.*

The applicant is proposing to place outdoor seating on a private sidewalk recently constructed as part of a DDA streetscape improvement plan. The applicant is also transforming existing office space into a café (bar/tavern/lounge). The outdoor seating area is proposed to provide seating for up to 24 patrons and the interior seating area is proposed to provide seating for approximately 48 patrons. (Floor plan included in packet).

The proposed interior improvements will be required to meet all Michigan Building Code requirements as well as the requirements of the LCC. It is not anticipated that the proposed bar/tavern/lounge (café) or outdoor seating will significantly alter the existing character or the area. The area has recently become an activity center due to the Encore Theatre and will continue to be improved as the DDA implements the DDA Development Plan, which includes expansion of the downtown commercial area, south of Main Street. The DDA's streetscape improvements and continued investment into the area will likely impact property values in a positive way.

- D. *The Special Land Use will not significantly impact the natural environment.*

The applicant is not proposing to change the natural environment; all proposed improvements are to existing facilities.

- E. *The Special Land Use can be served adequately by public facilities and services such as police and fire protection, schools, drainage structures, water and sewage facilities, and refuse disposal.*

The site is currently served adequately by public facilities and services.

- F. *The proposed use shall be of a nature that will make vehicular and pedestrian traffic no more hazardous than is normal for the district involved.*

It is not anticipated that the proposed use will make vehicular and pedestrian traffic more hazardous. The general vicinity is served by public parking facilities and no additional parking facilities are required because the proposed use is within the CBD.

- G. *The proposed use shall be such that the location and height of buildings or structures, and the location, nature and height of walls, fences, and landscaping will not interfere with or discourage the appropriate development and use of adjacent land and buildings or unreasonably affect their value.*

The proposed improvements are to existing infrastructure. The DDA's streetscape improvements and continued investment into the area will likely impact property values in a positive way.

- H. *The proposed use shall be designed, located, planned, and operated to protect the public health, safety, and welfare.*

We would not anticipate any negative impacts to the health, safety, or welfare to the public.

Outdoor Seating Review Standards

Per Section 8, Special Land Use requirements, outdoor seating must also meet the following standards:

1. *Enclosure: Enclosure is required for outdoor seating areas serving alcohol.*

Enclosures around outdoor seating areas are required when alcohol is served on public or private sidewalks.

2. *Canopies and umbrellas: Shade coverage is permitted; however color shall be compatible with building colors.*

The applicant has been informed that umbrellas are to match or be compatible with the building and seating. If the applicant chooses to use umbrellas the Village must first approve them.

3. *Compatibility with architecture: Information on the proposed tables, chairs, umbrellas, etc. should be provided by the applicant for review.*

The applicant will provide examples of outdoor furniture when selected. Furniture must be reviewed and approved by Village.

4. *Signage: No additional signage is permitted for outdoor seating.*

No additional signage is proposed.

5. *Trash: Information on outdoor trash receptacles to be used shall be provided.*

The applicant is not proposing any additional trash receptacles outdoors.

6. *Hours of Operation: The applicant shall provide the hours of operation of the outdoor seating area.*

Jolly Pumpkin

The applicant has indicated that the hours of operation for the outdoor seating area will be Monday-Thursday noon to 8 pm and Friday and Saturday from noon to 11 pm, possibly later during downtown events. The hours are will be the same as the café.

- 7. *Public Safety: It is the responsibility of the applicant to remove the outdoor seating during inclement weather.*

Upon receipt of the outdoor seating furniture selection staff will confirm that the outdoor seating furniture is of substantial weight so that it should not present an obstruction or risk to the public safety. The applicant will also be required to annually submit the villages hold harmless agreement as part of the outdoor seating permit. Insurance naming the Village of Dexter as additionally insured is not necessary because the proposed outdoor seating area is not within the Village's public right-of-way.

- 8. *Compatibility with general vicinity: The proposed use should be compatible with and not significantly alter the intended character of the general vicinity.*

The applicant's proposal should be compatible with the general vicinity. The applicant is proposing to locate the outdoor seating area adjacent to an improved alley and commercial area. The location of the outdoor seating area is in the cove of the building providing a buffer from surrounding uses to the south.

Items to be Addressed:

- 1. *The applicant should provide information on street furniture when available and to determine compatibility with the building and architecture.*
- 2. *Provide information on required enclosure when available.*
- 3. *The applicant will be required to submit the outdoor seating permit, fee and Hold Harmless Agreement.*

CONCLUSION

Based on the comments of this review we find that the proposed Special Land Use to permit a bar/tavern/lounge and outdoor seating at Jolly Pumpkin Artesian Ales located at 3115 Broad Street meets the requirements of the Village's Special Land Use Provisions.

We recommend approval of the special land use with the following conditions:

- 1. Address the information listed above.
- 2. Submittal of all other required information.

 Allison Bishop, AICP
 Community Development Manager

Jolly Pumpkin

SUGGESTED MOTIONS

Based on the recommendation of the Planning Commission and pursuant to Section 8.03, Special Land Use review standards, the Village Council **(APPROVES / DENIES)** the Special Land Use application for a bar/tavern/lounge (café) and outdoor seating at Jolly Pumpkin Artesian Ales, 3115 Broad Street.

The Special Land Use permit is granted with the following conditions:

1. The applicant should provide information on street furniture when available and to determine compatibility with the building and architecture.
2. Provide information on required enclosure when available.
3. The applicant will be required to submit the outdoor seating permit, fee and Hold Harmless Agreement.
4. The applicant is permitted to leave the furniture outdoors overnight, if properly secured.
5. _____

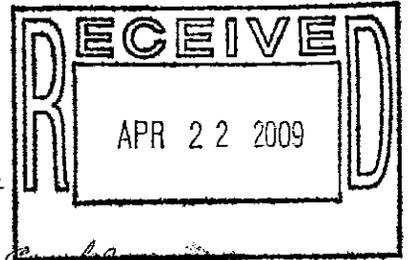

OR

Based on the information provided by the applicant the Village Council moves to **(POSTPONE)** the Special Land Use request submitted for a bar/tavern/lounge (Café) and outdoor seating until **(DATE)** to allow the applicant more time to address the following:

1. _____
2. _____
3. _____

Please feel free to contact me prior to the meeting with questions.

Thank you,

To Village of Dexter regarding the
Jolly Pumpkin Artisan Sales Cafe

This letter is to share with you the recent action taken by the Dexter citizens who live near the brewery on Forest St. We met Mr. Ron Jeffries at his establishment April 19, 2009. He kindly gave us a tour & welcomed our questions.

He will offer beer, wine & spirits (excluding whiskey) as well as some food.

He anticipates not being open past 10 PM.

He will not have loud music inside & will not have music outside.

He will be able to seat about 50 patrons - half will be outside.

We all share concern regarding the areas construction noise, dust, settling problems & traffic as well as parking issues.

He assured us his business will be of high quality & looks forward to being a good neighbor.

Sincerely,
Mary Fralkowski
8055 Forest St.

MEMO

To: President Keough and Council Members
From: Courtney Nicholls, Assistant Village Manager
Date: May 11, 2009
Re: Fluoridation

Attached for your review is the original memo written by Orchard, Hiltz & McCliment (OHM) related to the fluoridation of the Village's water. Also attached is the spreadsheet showing the current and historical levels of fluoride in the Village's water.

Public Services Superintendent Ed Lobdell recently attended a seminar and fluoridation was a topic in one of the classes. From this training he learned that measuring fluoride is a challenging process and would require us to upgrade our current laboratory testing equipment. The cost of this upgrade is not included in the cost analysis provided by OHM.

January 6, 2009

Village of Dexter
8140 N. Main Street
Dexter, Michigan 48130

Attention: Ms. Donna Dettling
Village Manager

Regarding: Village of Dexter
Evaluation of Drinking Water System Fluoridation

Dear Ms. Dettling:

Per your request, we have reviewed background information, capital costs, and yearly operational and maintenance costs associated with adding fluoride to the Village's water system. On December 4, 2008, we met with you and Dr. Barbara Wehr regarding the Village's Fluoridation of the drinking water supply. The addition of fluoride (or hydrofluosilicic acid – H_2SiF_6) to potable water systems is a relatively common practice to help reduce tooth decay and cavities, however it is also a controversial issue for many communities. Many factors need to be weighted and considered carefully by the community before a decision is made

The Village currently has a natural background fluoride concentration of roughly 0.35 mg/l. Recommended fluoride dosages for potable water is 1.0 mg/l, according to the Michigan Department of Environmental Quality (MDEQ). Fluoride in large dosages can cause tooth mottling and discoloration, as well as skeletal fluorosis. The health risks associated with the long-term exposure to fluoride have not yet been fully documented. Fluoride is a regulated chemical by the Michigan Department of Environmental Quality and the Maximum Contaminant Level (MCL) is 4.0 mg/l.

A review of adjoining communities indicated that the majority of them are adding fluoride to the water. These communities include: Ann Arbor, Chelsea, Manchester, Saline, Jackson, Brighton, Howell, and MHOG. It should be noted that according to the Center for Disease Control (CDC) Dexter appears to be the largest community water source in Washtenaw County that does not add fluoride (Loch Alpine would be the next largest user). Other communities that do not fluoridate have a natural fluoride background level of 0.7 mg/l or higher. From the information gathered it appears that communities with similar natural fluoride levels as Dexter are adding fluoride to the public water supply.

Equipment Required

In order to fluoridate, the Village would need to install chemical feed equipment at the Water Treatment Plant (WTP). The equipment would consist of a day tank, equipment scale, feed pumps, double anti-siphon devices on pump discharge, flow switch interlocked to the high service pumps and necessary piping, valves and electrical devices required for operation. Additionally, the chemicals should be located within a containment area suitable for containing overflows and/or burst containers.

It is estimated that the cost of the equipment would be approximately \$40,000-\$50,000 to purchase and install. The critical issue at the existing iron removal water treatment plant is the apparent lack of floor space to accommodate the equipment.

Fluoride is a caustic chemical and its storage should be isolated from the remainder of the facility. Since there is no unused space, a separate chemical feed building/room would need to be installed to do so. Floor space for the chemical room should be roughly 10 feet by 10 feet. A fiberglass reinforced plastic (FRP) enclosure could be purchased and installed adjacent to the facility for this use. This chemical feed building would also require the addition of a safety eyewash station and/or shower for operator safety in the event an operator is splashed with the chemical. A metal building is not recommended due to the corrosive nature of the chemical. Hydrofluorosilicic acid must be handled cautiously, since it produces acidic fumes. These acidic fumes can etch glass on gauges, corrode electrical equipment, irritate skin and cause severe burns if it comes into contact with skin.

Additionally, since this is a change in the treatment process and equipment is being installed, the Village will need to obtain a construction permit through the MDEQ to install the chemical feed process.

Estimate of capital cost:

Equipment Purchase and Installation	\$ 45,000
FRP Chemical Storage Building	\$ 25,000
Engineering	\$ 9,000
Total Capital Cost	\$ 79,000

When the Village installs Well Number 5, a second fluoride system would need to be installed at the Well House. Additional space would need to be provided in the building and a duplicate system would need to be operated and maintained at this site.

Operation and Maintenance Costs

Based on current usage, the yearly chemical cost to add fluoride to the Village's water supply is roughly \$6,000 based on an average flowrate of 1.2 million gallons per day (MGD) usage. These costs increase to \$9,100/year for the future flowrate of 1.7 MGD.

Additionally, it should be noted that vacuum testing for the anti-siphon devices and multi-purpose valves are required by the MDEQ to be completed twice a year and at least once a year these devices must be dismantled and visually inspected. We are unaware if the additional operation and maintenance effort can be added to the responsibilities of the existing staff, or if additional staff or contract labor would be required. The cost for this maintenance would need to be added to the above chemical costs.

Benefits and Concerns with adding Fluoride to the Drinking Water

Fluoride in drinking water has been associated with strong teeth in children. When added in proper amounts, fluoride has been shown to reduce cavities. Too much fluoride in drinking water can cause dental fluorosis, mottling (brown staining) of teeth. A health effect of large amounts of fluoride is skeletal fluorosis.

Benefits of Fluoride include:

- Both children and adult teeth benefit from water fluoridation.
- The cost to fluoridate water for the lifetime of one person is less than the cost to treat one cavity.
- Recommended by the American Dental Association, Centers for Disease Control and Prevention and the American Water Works Association.

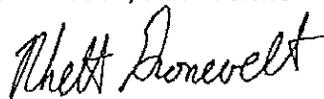

Although, there are benefits recognized with the addition of fluoride to potable water systems, concerns exist over whether or not the public water supply is the appropriate avenue for this addition.

Concerns regarding adding Fluoride:

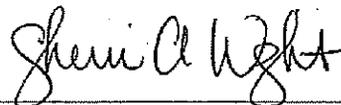

- Fluoride is not an essential treatment element. It does not protect the public against life threatening organisms, as the addition of sodium hypochlorite which is used for disinfection of pathogens is.
- Other fluoride sources are available to the public (fluoride supplements, topical fluoride treatments, etc). This allows the individual to make their personal choice on the use of fluoride.
- The chemicals used to fluoridate water in the US are not pharmaceutical grade chemicals. These chemicals mainly come from the scrubbing systems of the fertilizer industry. Trace amounts of toxic metals (i.e. lead and arsenic) have been found in the chemicals. However, it should be noted that the levels identified are well below EPA guidelines.
- The addition of fluoride is mainly only done in the US. The majority of European communities do not fluoridate.
- Fluoride addition is often viewed as a medical supplement, similar to taking a multivitamin. By adding this to the public water supply, individuals have no choice on whether they wish to take the supplement.

We are available to meet with you and other Village representatives regarding this issue. It is something that should be considered carefully by the community and may warrant a survey of the system users to gauge the opinion. Ultimately, regardless of if the Fluoridation is chosen, it seems apparent that some education should be done in the community so that everyone is aware of the amount of Fluoride found in the Village's system and users can make their own decisions regarding what additional steps they feel are necessary.

Very truly yours,
ORCHARD, HILTZ & McCLIMENT, INC.

MEMO

To: President Keough and Council Members
From: Courtney Nicholls, Assistant Village Manager
Date: May 11, 2009
Re: Water & Sewer Use Ordinance Amendments

During the analysis performed by the Michigan Department of Environmental Quality as part of the State Revolving Loan process it was discovered that some changes to our sewer use ordinance are required. While making the changes to the sewer ordinance, we should also make them to the water ordinance, as it will undergo a similar analysis in the Drinking Water Revolving Fund process. The MDEQ mandated changes involve two areas:

- Removing extra charges for users outside the Village limits. Recent case law has clarified a previously ambiguous state law regarding charging customers outside of the Village a higher rate for water service. The interpretation now requires commodity charges to be the same for all users regardless of location.
- Removing specific language related to the extra strength surcharges and industrial cost recovery fees. The State requires these fees to be reviewed annually and set by resolution along with the rates to make sure they are justified. Currently the Village does not have any customers that are charged extra strength surcharges or industrial cost recovery fees.

The other changes are minor clarifications so the ordinance matches our current practices.

The schedule for the adoption is as follows:

April 27 - Set Public Hearing for May 26, 2009

May 4 - Proposed Ordinance Published

May 11 - Discussion Item at Council

May 26 - Public Hearing & Ordinance Adoption

June 4 - Ordinance Published and takes effect

June 12 - SRF Application Part 2 / User Charge System Analysis Due to MDEQ

Sewer**Sec. 58-128 User Rates and Charges for Wastewater Disposal Service****(b) FIXING RATES AND CHARGES**

Commencing on the effective date of this ordinance, the user rates and charges for wastewater treatment shall be fixed by the Village by resolution. ~~Charges for wastewater treatment furnished to premises outside the corporate limits of the Village shall be fixed by the Village by resolution prior to the rendering of such services.~~

~~Sec. 58-143. Sewer rates outside corporate limits.~~

~~Whenever the system is supplying sewage disposal service to premises located outside the corporate limits of the village, the rates for this service shall be fixed by the village council. The operation, maintenance and replacement portion of the rate charged shall be proportional to the~~

~~village rates for operation, maintenance and replacement, plus proportional debt retirement charges.~~

New Section 58.143 - Uniformity of user charge rates

User charge rates for normal strength domestic wastewater shall be uniform to all users in the service area regardless of political boundaries.

Sec. 58-144. Sewer rates.

Charges for sewage disposal service shall be levied upon all premises having any sewer connection with the public sewers as established by Resolution.

(1) For service to properties within the village. For all water metered, the operation, maintenance and replacement charge shall be established by Resolution.

~~(2) For service to properties outside the village. The rate as established by Resolution will include and an additional \$1.00/1,000 gallons.~~

Sec. 58-145. Extra strength surcharges.

When approved by village for discharge and after completion of a control manhole, users shall be charged on the basis of the following quarterly strength determinations* as follows set by resolution:

TABLE INSET:

Parameter	Charge	In Excess Of
BOD	\$0.315/pound	300 mg/l
SS	\$0.346/pound	275 mg/l
Phosphorus as P	\$1.968/pound	16 mb/l

* The strength determination shall be computed from concentrations determined by 24-hour composite samples.

Sec. 58-146. Industrial cost recovery.

(a) As set forth in the sewer use ordinance, all industrial users, of the sewer use ordinance, shall be charged a rate as set by resolution for the following: \$0.467 per 1,000 gallons of metered water used in excess of 22 gallons per employee per day (gpepd).

(b) In lieu of the flow charge, industrial users shall pay the following surcharges set by resolution where strength and flow data is available:

- (1) ~~\$0.061/pound~~ of BOD in excess of 300 mg/l;
- (2) ~~\$0.067/pound~~ of suspended solids in excess of 275 mg/l;
- (3) ~~\$0.376/pound~~ of phosphorus as P in excess of 16 mg/l;
- (4) ~~\$0.140/1,000~~ gallons in excess of 22 gpepd.

Sec. 58-147. Billing.

All meters shall be read at least quarterly. Bills for sewage disposal services shall be rendered ~~quarterly~~ under the supervision of the village, and such bills shall be due and payable on the date specified in the bill. For bills not paid within ~~15-30~~ days thereafter, a penalty of ~~5 percent of the amount of the bill shall be charged per month.~~ shall be applied as set by resolution. The village may alter billing cycles as deemed necessary.

Water

Sec. 58-56. Establishment.

~~Rates for consumers outside of the village limits shall be established by council by resolution. Minimum water~~ Water charges to each dwelling unit and/or business connected with the village's water supply system shall be established by council by resolution ~~as well as rates applied to usage greater than minimum.~~

New Section 58-561. Uniformity of user charge rates

User charge rates for water shall be uniform to all users in the service area regardless of political boundaries.

Sec. 58-59. Billing; penalty for delinquent payment.

Charges for water will only be established in the name of the property owner and, or the name of the person responsible for paying property taxes. The owner of the property will be responsible for properly managing rental properties to satisfy their financial needs and the requirement of their tenant for water service. The Village Manager may consider limited exceptions to this requirement. Charges for water will be billed ~~monthly~~ with a period of ~~15~~ 30 days in which the amount due must be paid. After such due date, a penalty of ~~five (5) percent per month~~ will be added ~~to the bill~~ shall be applied as set by resolution. The village may alter billing cycles as deemed necessary.

~~Sec. 58-65. Minimum bill.~~

~~The minimum bill to any one consumer for service rendered in each billing period, whether a meter is used or not, shall be at the rates established by council by resolution except as provided in this section. In determining charges for such service to any user under any classification, where the amount of water consumed or used exceeds the minimum provided, the bill shall be figured upon the amount of water actually used at rates established by the village council by resolution.~~
