

**CITY OF DEXTER
RIGHT OF WAY PAVEMENT
RESIDENTIAL CONSTRUCTION PERMIT**

PERMIT INSTRUCTIONS

GENERAL

1. This permit is intended for residential sidewalk and driveway approach construction. All work shall be in accordance with Section V.F of the City of Dexter Engineering Standards.
2. The City of Dexter shall be contacted prior to performing any work at the phone number listed above.
3. Failure of inspections will require an additional \$50 for each additional visit. Inspection fees shall be deposited prior to subsequent inspections.

SUBGRADE INSPECTION

4. Pre-Construction photographs shall be taken showing the proposed walk corridor parallel to the road and drive approach area with the right of way line. Two additional photos shall be obtained viewing the proposed corridor longitudinally from each end.
5. Part 1 shall be completed and a permit fee of \$100 shall be submitted or delivered to the City offices.
6. After the Contractor completes the items listed under the Part 2 –Subgrade Inspection, the City of Dexter shall be contacted to schedule an inspection. An inspection will occur within three (3) working days of contacting the City.
7. The permit shall be posted on site at all times and shall be sealed within a watertight, transparent enclosure.

FORM INSPECTION

8. The Contractor shall notify the City of Dexter when appropriate aggregate/granular base and forms have been placed. An inspection will occur within three (3) working days of contacting the City.
9. The City inspector will contact the Contractor upon Approval of the base and forms.
10. After performing the concrete pour and appropriate cure time, the Contractor shall remove all forms, tape, barrels or other protective devices.
11. The Contractor shall deliver the original permit and post construction photographs to the City Offices.

PERMIT CLOSEOUT

12. The City of Dexter will provide the Contractor with a copy of the final processed permit (hand delivered or via e-mail).
13. Final Zoning Compliance will not be issued until the release of the permit and correction of any damage within the right of way.
